## **Beatport Presents: ReConnect, A Global Music Event**

*Beatport will host 24-hour music marathon on Twitch with leading DJs from around the world to raise funds for those most in need*

Beginning on Friday, March 27th at 8pm GMT, Beatport will broadcast a live, 24-hour global DJ marathon in partnership with Twitch. 24 artists including Carl Cox, Bonobo, Nina Kraviz, Griz, RÜFÜS DU SOL (DJ set), A-Trak, Nicole Moudaber, Chris Liebing and Nora En Pure, will be performing from their homes or studios around the globe. This streaming event will provide a platform to unite our global community during these unprecedented times, while also supporting charities to help those most in need.

“Over the past few weeks, we have seen so much of humanity come together as one to battle the escalation of the Covid-19 virus in an effort to protect the most vulnerable. With so many of us sheltered in our homes, wanting to stay connected to the people and music that plays such a positive role in our lives, Beatport and the passionate DJ community we work with on a daily basis feel compelled to deliver a unique music experience directly into homes across the world”, commented Beatport’s CEO, Robb McDaniels.

During the live stream on Twitch, viewers can make donations, with the money going directly to benefit those most impacted by the crisis.. The funds will be administered by the AFEM (Association For Electronic Music), the global non-profit trade association for the electronic music industry, and will be distributed to the [COVID-19 Solidarity Response Fund for WHO](#) looking after frontline health concerns, and the AFEM Members COVID-19 Hardship Fund.

Beatport will also be working with key industry partners to give away gear and merchandise to randomly selected donors during the live event.

Lastly, Beatport will be providing track IDs as songs are played on Twitch so fans can purchase any of the music they hear and support the independent artist and label community directly.

For over 16 years, Beatport has stood at the center of the electronic music community, uniting both music creators and performers. At the core of our brand, we believe in the eternal power of music to unite the world even in difficult times. This event is designed to bring our global family together to celebrate the performances with generations of electronic music lovers.
